

James B.D. PALMER

B1
Cont.

--11. Compositions as claimed in claim 8 in dosage unit form containing 25-100 μ g of salmeterol (optionally in the form of a physiologically acceptable salt thereof) and 25-500 μ g of fluticasone dipropionate per dosage unit.--

REMARKS

Applicants have amended the claims in order to delete the multiple dependencies and reduce the filing fee. Claims 8-11 have been added to the subject matter originally presented in multiple dependent form.

Respectfully submitted,

Richard E. Fichter
